Mechanism to deal with internal / external examination assessment policy

The college has initiated continuous and comprehensive internal evaluation system as per the guidelines of the **University of Mumbai**. For UG classes Unit Tests are conducted in each semester.

The institution as a part of continuous evaluation conducts internal examinations. After the completion of prescribed topics Class Tests are conducted to judge the progress of the students. Every faculty communicates syllabus and pattern of the scheduled test as well as the schedules of students' presentations of projects as internal evaluation well in advance. The standard of the evaluation includes, tests, tutorials, behaviour, attendance, practical, field projects, assignments, seminars and the marks secured in the unit tests. The rules related to internal examination pattern are communicated to the students well in advance in classrooms. The Examination committee looks after effective monitoring and timely implementation of the internal examination and procedure of evaluation. The committee is headed by the senior faculty member. The result of all the internal examinations is declared within a week. After the assessment, the answer papers are given to the students along with instructions, suggestions provided with resolution of their queries. Students are assessed base on projects & viva.

Departments also conduct assignments. Post examination sessions are conducted and guidance is provided to students, which helps them improve their performance in University examinations. The concerned subject teachers immediately inform changes in schedules, patterns and methods (if any) to the students through the notice boards and whatsapp group. Examination Committee monitors standardization in internal evaluation mechanism. Thus, the transparent internal evaluation takes place. The process is carried on smoothly due to the strict adherence to procedures.
